Request:

I am writing with a Freedom of Information request. Do you have any wards that provide neurological rehabilitation?

For the wards you have please provide for each ward 2019

- **Total number of beds**
- **Total number of admissions**
- **Average length of stay**
- **Average FIM+FAM admission and discharge score**
- **Any other outcome score you measure at admission and discharge**
- **Average revenue and cost per bed**

Answer: East London NHS Foundation Trust provides Mental Health and Community Services. Although we do have a neurological service: <https://www.elft.nhs.uk/service/78/Community-Neurological-Service>, this is community based and we do not have inpatient beds. We therefore do not believe this FOI is relevant to us.
