Request:

Dear Sir/Madam,

I am writing to you under the Freedom of Information Act 2000 to request the following information from your Trust. Please may you provide me with:

Question 1. The number of patients that presented to Accident & Emergency/the Emergency Department due to issues relating to Eating Disorders from 01/01/16 to 31/12/20. Data given separately for each calendar year 2016-2020.

Question 2. The number of patients from point 1 who were discharged home without being seen by psychiatry, and the number of patients from point 1 who were discharged home without being referred to another service. Data given separately for each calendar year 2016-2020.

Question 3. The number of patients from point 1 who died within 28 days of being discharged from A&E, for each year since 2016. Data given separately for each calendar year 2016-2020.

Clarification: If the Trust could provide information for the number of patients who were referred to, and the number of patients who were seen by psych liaison for eating disorders for each calendar year 2016-2020, that would be helpful.

Answer: The Trust has reviewed your request for information under the Freedom of Information Act 2000. In order to collate this information, staff would have to review each referral to psychiatric services, establish the reason why a referral was made and determine which this was due to an eating disorder as this information is not recorded separately on our clinical systems.

Therefore, the Trust is unable to comply with this particular part of your request as the cost of compliance and extracting your exact requirements would exceed the appropriate cost limit of £450 which is specified in Section 12 of the Freedom of Information Act 2000. This is based on a rate of £25 per hour, regardless of the rate of pay of any individual involved in the retrieval of requested information, and equates to 18 hours work.
