12 July 2021

Our reference: FOI DA3877

I am responding to your request for information received 7 July 2021. This has been treated as a request under the Freedom of Information Act 2000.

I am now enclosing a response which is attached to the end of this letter. Please do not hesitate to contact me on the contact details above if you have any further queries.

Yours sincerely,

Keshia Harvey
Information Governance Manager

If you are dissatisfied with the Trust's response to your FOIA request then you should contact us and we will arrange for an internal review of this decision.

If you remain dissatisfied with the decision following our response to your complaint, you may write to the Information Commissioner for a decision under Section 50 of the Freedom of Information Act 2000. The Information Commissioner can be contacted at:

Information Commissioner's Office
Wycliffe House
Water Lane
Wilmslow
Cheshire
SK9 5AF

Tel: 0303 123 1113
Web: www.ico.org.uk

Please note that the data supplied is not allowed to be re-used and/or published without the explicit consent of East London NHS Foundation Trust. Please contact the signatory to request permission if this is your intention

Request:

Dear Fol Team,

Question 1. How many women presented to hospitals within of your Trust with Retained Products of Conception (RPOC) after medically induced abortion [also known as induced miscarriage or termination of pregnancy] for the 24 months starting 01 June 2019 to 31 May 2021, and how many of them required evacuation of retained products (ERPC), [sometimes referred to as surgical management of miscarriage, SMM]. If possible, please can this information be broken down per month? NB. I do not require spontaneous abortion or miscarriage data Two examples of the information I am looking for, from a previous FOI request to an NHS Hospital Trust, in a helpful format have been included below:

Question 2. Please tell us the threshold volume of bleeding required for coding and reporting of haemorrhage at your hospitals and how many women have been treated within your hospitals with haemorrhage after starting a medically induced abortion (also known as induced miscarriage or termination of pregnancy) for each month over a 24 months period starting 01 June 2019 to 31 May 2021. NB. - If the second question goes over the 18 hour limit please ignore it and answer the first. - In the event of patient numbers being less than 5 in a particular month, please can I have the total number of patients in each three-month quarter for the period 01 June 2019 to 31 May 2021: 01 June to 31 August, 01 September to 30 November, 01 December to 28(29) February and 01 March to 31 May. Do ask if anything needs clarification.

Answer: The Trust has reviewed your request for information under the Freedom of Information Act (FOI) 2000.

Section 1(1) of the FOI Act states:

Any person making a request for information to a public authority is entitled—

(a) to be informed in writing by the public authority whether it holds information of the description specified in the request, and

(b) if that is the case, to have that information communicated to him.

East London NHS Foundation Trust is a mental health and community health trust and believes this request relates to an acute Trust. We therefore do not hold the information requested.
