**Our reference: FOI DA3971**

I am responding to your request for information received 20 October 2021. This has been treated as a request under the Freedom of Information Act 2000.

When an organisation receives a request for information under the Freedom of Information Act, it is allowed under the Act to apply a blanket exemption to this where it has concluded that providing a response would take in excess of eighteen hours. When the cost of compliance and extracting information would exceed eighteen hours, a cost limit of £450 can be applied. This is explained in Section 12 of the Freedom of Information Act 2000 and is based on a rate of £25 per hour, regardless of the rate of pay of any individual involved in the retrieval of requested information, and equates to eighteen hours work.

Having reviewed your request, the Trust has noted that it would not be able to all the information requested within the eighteen hours specified in the Freedom of Information Act 2000.

In order to assist you with your request, I have advised below the timing each question would take in order to assist you to refine your request. If you wish to refine your request to comply with the 18 hour time limit, please do get in touch.

I am now enclosing a response which is attached to the end of this letter. Please do not hesitate to contact me on the contact details above if you have any further queries.

Yours sincerely,

Keshia Harvey  
Information Governance Manager

**-with depression**

**If possible, specified by London Borough or Ward Between 2001-current date If date period is too specific I would still desire this data for any time frame that you have available Thank you**

**Answer:** Section 12(1) of the Freedom of Information Act 2000 states:

*Section 1(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the appropriate limit*

The Trust has reviewed your request for information and in order to collate this information, staff would have to review each patient record that has been admitted since 2001, electronic and paper to establish the reason for the admission. This is because the reason for admission is not recorded in a searchable format.

Therefore, the Trust is unable to comply with this particular part of your request as the cost of compliance and extracting your exact requirements would exceed the appropriate cost limit of £450 which is specified in Section 12 of the Freedom of Information Act 2000. This is based on a rate of £25 per hour, regardless of the rate of pay of any individual involved in the retrieval of requested information, and equates to 18 hours work.

If you would like the numbers of patients admitted to our CAMHS wards by year, we may be able to provide this.
