

Requester's question	Total time in hours taken to retrieve the information	Response	Link to previous response (if applicable)
ECT			
Please provide ECT information under the FOI act to the following questions: -			
1. Please supply patient's information ECT leaflet.	N/A	This can be found on our website in a previous response to reference number FOI 3239: https://www.elft.nhs.uk/uploads/files/1/Policies%20and%20Procedures/FOI/2019/July/Response%20-%20FOI%20DA3239.pdf	https://www.elft.nhs.uk/uploads/files/1/Policies%20and%20Procedures/FOI/2019/July/Response%20-%20FOI%20DA3239.pdf
2. Please supply patient ECT consent form.	N/A	This can be found on our website in a previous response to reference number FOI 3239: https://www.elft.nhs.uk/uploads/files/1/Policies%20and%20Procedures/FOI/2019/July/Response%20-%20FOI%20DA3239.pdf	https://www.elft.nhs.uk/uploads/files/1/Policies%20and%20Procedures/FOI/2019/July/Response%20-%20FOI%20DA3239.pdf
3. Please supply any ECT reports/investigations	N/A	There have been no ECT reports or investigations.	NA
4. How many ECT in 2019?	1	This question could be responded to together with any questions that do not take the time limit above 18 hour	NA
5. What proportion of patients were men/women?	2	This question could be responded to together with any questions that do not take the time limit above 18 hours	NA
6. How old were they?	2	This question could be responded to together with any questions that do not take the time limit above 18 hours	NA
7. What were the diagnoses and in what proportions?	2	This question could be responded to together with any questions that do not take the time limit above 18 hours.	NA
8. What proportion of patients were classified BAME?	2	This question could be responded to together with any questions that do not take the time limit above 18 hours	NA
9. How many were receiving ECT for the first time?	2	This question could be responded to together with any questions that do not take the time limit above 18 hours	NA
10. How many patients consented to ECT?	2	This question could be responded to together with any questions that do not take the time limit above 18 hours	NA
11. How many ECT complaints were investigated outside the NHS and CCG?	0.08	This question could be responded to as a standalone question or in conjunction with any other question that does not take the limit above 18 hours	NA
12. How many patients died during or soon after ECT and what was the cause (whether or not ECT was considered the cause)?	5	This question could be responded to as a standalone question or in conjunction with any other question that does not take the limit above 18 hours. However, we would need clarification regarding the timescale of "soon after".	NA

13. How many patients died a few months after ECT and what was the cause (whether or not ECT was considered the cause)?		5	This question could be responded to as a standalone question or in conjunction with any other question that does not take the limit above 18 hours. However, we would need clarification regarding the timescale of "a few months after".	NA
14. How many patients died by suicide within a few months of receiving ECT (whether or not ECT was considered the cause)?		5	This question could be responded to as a standalone question or in conjunction with any other question that does not take the limit above 18 hours. However, we would need clarification regarding the timescale of "a few months after".	NA
15. How many patients have suffered complications during and after ECT and what were those complications?		6	This question could be responded to as a standalone question or in conjunction with any other question that does not take the limit above 18 hours	NA
16. Have there been any formal complaints from patients/relatives about ECT?		0.25	This question could be responded to as a standalone question or in conjunction with any other question that does not take the limit above 18 hours	NA
17. If so, what was their concerns?			This question would be responded to along with question 16	NA
18. How many patients report memory loss/loss of cognitive function?		6	This question could be responded to together with any questions that do not take the time limit above 18 hours	NA
19. What tests are used to assess memory loss/loss of cognitive function?		N/A	This can be found on our website in a previous response to reference number FOI 3239: https://www.elft.nhs.uk/uploads/files/1/Policies%20and%20Procedures/FOI/2019/July/Response%20-%20FOI%20DA3239.pdf	https://www.elft.nhs.uk/uploads/files/1/Policies%20and%20Procedures/FOI/2019/July/Response%20-%20FOI%20DA3239.pdf
20. Have MRI or CT scans been used before and after ECT?		6	This question could be responded to together with any questions that do not take the time limit above 18 hours	NA
21. If so what was the conclusion?			This question would be responded to along with question 20	NA
22. How does the Trust plan to prevent ECT in the future?		N/A	This can be found on our website in a previous response to reference number FOI 3239: https://www.elft.nhs.uk/uploads/files/1/Policies%20and%20Procedures/FOI/2019/July/Response%20-%20FOI%20DA3239.pdf	https://www.elft.nhs.uk/uploads/files/1/Policies%20and%20Procedures/FOI/2019/July/Response%20-%20FOI%20DA3239.pdf
SERIOUS INCIDENTS				
Please provide SERIOUS INCIDENT information under the FOI act to the following questions :-				
1. Please supply SERIOUS INCIDENT REPORTS patient???'s information leaflet.		N/A	This can be found on our website in a previous response to reference number FOI 3239: https://www.elft.nhs.uk/uploads/files/1/FOI/Appendix_1_DA3239.pdf	https://www.elft.nhs.uk/uploads/files/1/FOI/Appendix_1_DA3239.pdf
2. Please supply patient SERIOUS INCIDENT REPORTS consent form.		N/A	This can be found on our website in a previous response to reference number FOI 3239: https://www.elft.nhs.uk/uploads/files/1/FOI/Appendix_1_DA3239.pdf	https://www.elft.nhs.uk/uploads/files/1/FOI/Appendix_1_DA3239.pdf

3. Please supply any serious incident reports/investigations		7	This question could be responded to together with any questions that do not take the time limit above 18 hours	N/A
4. How many SERIOUS INCIDENT REPORTS in 2019?		0.1	This question could be responded to together with any questions that do not take the time limit above 18 hours	N/A
5. What proportion of patients were men/women?		11	This question could be responded to together with any questions that do not take the time limit above 18 hours	N/A
6. How old were they?		11	This question could be responded to together with any questions that do not take the time limit above 18 hours	N/A
7. What were the diagnoses and in what proportions?		11	This question could be responded to together with any questions that do not take the time limit above 18 hours.	N/A
8. What proportion of patients were classified BAME?		11	This question could be responded to together with any questions that do not take the time limit above 18 hours	N/A
9. How many were receiving SERIOUS INCIDENT REPORTS for the first time?		11	This question could be responded to within the time limit together with Q3 or any other question that does not take the overall time limit above 18 hours	N/A
10. How many patients consented to SERIOUS INCIDENT REPORTS?		N/A	This can be found on our website in a previous response to reference number FOI 3239: https://www.elft.nhs.uk/uploads/files/1/FOI/Appendix_1_DA3239.pdf	https://www.elft.nhs.uk/uploads/files/1/FOI/Appendix_1_DA3239.pdf
11. How many SERIOUS INCIDENT REPORTS were investigated outside the NHS and CCG ?		0.08	This question could be responded to within the time limit together with Q3 or any other question that does not take the overall time limit above 18 hours	N/A
12. How many patients died during or soon after SERIOUS INCIDENT REPORTS and what was the cause (whether or not SERIOUS INCIDENT REPORTS was considered the cause)?		16	This question could be responded to together with any questions that do not take the time limit above 18 hours. However, we would need clarification regarding "soon after"	N/A

13. How many patients died a few months after SERIOUS INCIDENT REPORTS and what was the cause (whether or not SERIOUS INCIDENT REPORTS was considered the cause)?	16	This question could be responded to together with any questions that do not take the time limit above 18 hours. However, we would need clarification regarding "a few months"	N/A
14. How many patients died by suicide within a few months of receiving SERIOUS INCIDENT REPORTS (whether or not SERIOUS INCIDENT REPORTS was considered the cause)?	16	This question could be responded to as a standalone question or in conjunction with any other question that does not take the limit above 18 hours. However, we would need clarification regarding the timescale of "a few months after".	N/A
15. How many patients have suffered complications during and after SERIOUS INCIDENT REPORTS and what were those complications?	16	This question could be responded to together with any questions that do not take the time limit above 18 hours	N/A
16. Have there been any formal complaints from patients/relatives about SERIOUS INCIDENT REPORTS?	22	Responding to this question would take in excess of 18 hours	N/A
17. If so, what was their concerns?	22	Responding to this question would take in excess of 18 hours	N/A
18. How many patients report memory loss/loss of cognitive function?	3	This question could be responded to together with any questions that do not take the time limit above 18 hours	N/A
19. What tests are used to assess memory loss/loss of cognitive function?	N/A	This can be found on our website in a previous response to reference number FOI 3239: https://www.elft.nhs.uk/uploads/files/1/FOI/Appendix_1_DA3239.pdf	https://www.elft.nhs.uk/uploads/files/1/FOI/Appendix_1_DA3239.pdf
20. Have MRI or CT scans been used before and after SERIOUS INCIDENT REPORTS?	23	Responding to this question would take in excess of 18 hours	N/A
21. If so what was the conclusion?	22	Responding to this question would take in excess of 18 hours	N/A
22. How does the Trust plan to prevent SERIOUS INCIDENTS in the future ?	N/A	This can be found on our website in a previous response to reference number FOI 3239: https://www.elft.nhs.uk/uploads/files/1/FOI/Appendix_1_DA3239.pdf	https://www.elft.nhs.uk/uploads/files/1/FOI/Appendix_1_DA3239.pdf

RESTRAINTS			
Please provide restraints information under the FOI act to the following questions :-			
1. Please supply RESTRAINTS patient information leaflet.	N/A	This can be found on our website in a previous response to reference number FOI 3239: https://www.elft.nhs.uk/uploads/files/1/FOI/Appendix_1_DA3239.pdf	https://www.elft.nhs.uk/uploads/files/1/FOI/Appendix_1_DA3239.pdf
2. Please supply patient RESTRAINTS consent form.	N/A	This can be found on our website in a previous response to reference number FOI 3239: https://www.elft.nhs.uk/uploads/files/1/FOI/Appendix_1_DA3239.pdf	https://www.elft.nhs.uk/uploads/files/1/FOI/Appendix_1_DA3239.pdf
3. Please supply any Restraints/investigations	5	This information could be provided as a standalone question together with any question that does not in total go above an 18 hour time limit	N/A
4. How many RESTRAINTS in 2019?	0.08	This information could be provided as a standalone question together with any question that does not in total go above an 18 hour time limit	N/A
5. What proportion of patients were men/women?	262	Responding to this question would take in excess of 18 hours	N/A
6. How old were they?	262	Responding to this question would take in excess of 18 hours	N/A
7. What were the diagnoses and in what proportions?	262	Responding to this question would take in excess of 18 hours	N/A
8. What proportion of patients were classified BAME?	262	Responding to this question would take in excess of 18 hours	N/A
9. How many were receiving RESTRAINTS for the first time?		This information is not recorded and is not held. Therefore the Trust cannot provide a response for this question.	N/A
10. How many patients consented to RESTRAINTS?	N/A	This can be found on our website in a previous response to reference number FOI 3239: https://www.elft.nhs.uk/uploads/files/1/FOI/Appendix_1_DA3239.pdf	https://www.elft.nhs.uk/uploads/files/1/FOI/Appendix_1_DA3239.pdf
11. How many RESTRAINTS were investigated outside the NHS and CCG ?	0.08	This question could be responded to as a standalone question or in conjunction with any other question that does not take the limit above 18 hours	N/A
12. How many patients died during or soon after RESTRAINTS and what was the cause (whether or not RESTRAINTS was considered the cause)?	262	Responding to this question would take in excess of 18 hours	N/A
13. How many patients died a few months after RESTRAINTS and what was the cause (whether or not RESTRAINTS was considered the cause)?	262	Responding to this question would take in excess of 18 hours	N/A

14. How many patients died by suicide within a few months of receiving RESTRAINTS (whether or not RESTRAINTS was considered the cause)?	262	Responding to this question would take in excess of 18 hours	N/A
15. How many patients have suffered complications during and after RESTRAINTS and what were those complications?	262	Responding to this question would take in excess of 18 hours	N/A
16. Have there been any formal complaints from patients/relatives about RESTRAINTS?	0.25	This question could be responded to as a standalone question or in conjunction with any other question that does not take the limit above 18 hours	N/A
17. If so, what was their concerns?		This question could be responded to as a standalone question, with Q16 above or in conjunction with any other question that does not take the limit above 18 hours	N/A
18. How many patients report memory loss/loss of cognitive function?	3	This question could be responded to as a standalone question or in conjunction with any other question that does not take the limit above 18 hours	N/A
19. What tests are used to assess memory loss/loss of cognitive function?	N/A	This can be found on our website in a previous response to reference number FOI 3239: https://www.elft.nhs.uk/About-Us/Freedom-of-Information/FOI-2019	https://www.elft.nhs.uk/uploads/files/1/FOI/Appendix_1_DA3239.pdf
20. Have MRI or CT scans been used before and after RESTRAINTS?	262	Responding to this question would take in excess of 18 hours	N/A
21. If so what was the conclusion?	262	Responding to this question would take in excess of 18 hours	N/A
22. How does the Trust plan to reduce restraints in the future?	N/A	This can be found on our website in a previous response to reference number FOI 3239: https://www.elft.nhs.uk/uploads/files/1/FOI/Appendix_1_DA3239.pdf	https://www.elft.nhs.uk/uploads/files/1/FOI/Appendix_1_DA3239.pdf
SECLUSION Please provide SECLUSION information under the FOI act to the following questions: -			
1. Please supply patient's information SECLUSION leaflet.	N/A	This can be found on our website in a previous response to reference number FOI 3239: https://www.elft.nhs.uk/uploads/files/1/FOI/Appendix_1_DA3239.pdf	https://www.elft.nhs.uk/uploads/files/1/FOI/Appendix_1_DA3239.pdf
2. Please supply patient SECLUSION consent form.	N/A	This can be found on our website in a previous response to reference number FOI 3239: https://www.elft.nhs.uk/uploads/files/1/FOI/Appendix_1_DA3239.pdf	https://www.elft.nhs.uk/uploads/files/1/FOI/Appendix_1_DA3239.pdf
3. Please supply any SECLUSION reports/investigations	3	This question could be responded to as a standalone question or in conjunction with any other question that does not take the limit above 18 hours	N/A

4. How many SECLUSION in 2018?	0.08	This question could be responded to as a standalone question or in conjunction with any other question that does not take the limit above 18 hours	N/A
5. What proportion of patients were men/women?	35	Responding to this question would take in excess of 18 hours	N/A
6. How old were they?	35	Responding to this question would take in excess of 18 hours	N/A
7. What were the diagnoses and in what proportions?	69	Responding to this question would take in excess of 18 hours	N/A
8. What proportion of patients were classified BAME?	35	Responding to this question would take in excess of 18 hours	N/A
9. How many were receiving SECLUSION for the first time?	N/A	This information is not in recorded format and is not held. Therefore the Trust cannot provide a response for this question.	N/A
10. How many patients consented to SECLUSION?	N/A	This can be found on our website in a previous response to reference number FOI 3239: https://www.elft.nhs.uk/uploads/files/1/FOI/Appendix_1_DA3239.pdf	https://www.elft.nhs.uk/uploads/files/1/FOI/Appendix_1_DA3239.pdf
11. How many SECLUSIONS were investigated outside the NHS and CCG ?	0.08	This question could be responded to as a standalone question or in conjunction with any other question that does not take the limit above 18 hours	N/A
12. How many patients died during or soon after SECLUSION and what was the cause (whether or not SECLUSION was considered the cause)?	121	Responding to this question would take in excess of 18 hours	N/A
13. How many patients died a few months after SECLUSION and what was the cause (whether or not SECLUSION was considered the cause)?	121	Responding to this question would take in excess of 18 hours	N/A
14. How many patients died by suicide within a few months of receiving SECLUSION (whether or not SECLUSION was considered the cause)?	121	Responding to this question would take in excess of 18 hours	N/A
15. How many patients have suffered complications during and after SECLUSION and what were those complications?	121	Responding to this question would take in excess of 18 hours	N/A
16. Have there been any formal complaints from patients/relatives about SECLUSION?	0.25	This question could be responded to as a standalone question or in conjunction with any other question that does not take the limit above 18 hours	N/A
17. If so, what was their concerns?	3	This question could be responded to as a standalone question or in conjunction with any other question that does not take the limit above 18 hours	N/A

18. How many patients report memory loss/loss of cognitive function?	3	This question could be responded to as a standalone question or in conjunction with any other question that does not take the limit above 18 hours	N/A
19. What tests are used to assess memory loss/loss of cognitive function?	N/A	This can be found on our website in a previous response to reference number FOI 3239: https://www.elft.nhs.uk/uploads/files/1/FOI/Appendix_1_DA3239.pdf	https://www.elft.nhs.uk/uploads/files/1/FOI/Appendix_1_DA3239.pdf
20. Have MRI or CT scans been used before and after SECLUSION?	89	Responding to this question would take in excess of 18 hours	N/A
21. If so what was the conclusion?	89	Responding to this question would take in excess of 18 hours	N/A
22. How does the Trust plan to prevent SECLUSION in the future?	N/A	This can be found on our website in a previous response to reference number FOI 3239: https://www.elft.nhs.uk/uploads/files/1/FOI/Appendix_1_DA3239.pdf	https://www.elft.nhs.uk/uploads/files/1/FOI/Appendix_1_DA3239.pdf
MEDICATION ERRORS			
Please provide MEDICATION ERRORS information under the FOI act to the following questions: -			
1. Please supply patient's information MEDICATION ERRORS leaflet.	N/A	The Trust does not have a medication errors patient information leaflet, therefore this information is not held and cannot be provided.	N/A
2. Please supply patient MEDICATION ERRORS consent form.	N/A	The Trust does not have a medication errors patient consent form, therefore this information is not held and cannot be provided.	N/A
3. Please supply any MEDICATION ERRORS reports/investigations	4	This question could be responded to as a standalone question or in conjunction with any other question that does not take the limit above 18 hours	N/A
4. How many MEDICATION ERRORS in 2019?	1	This question could be responded to as a standalone question or in conjunction with any other question that does not take the limit above 18 hours	N/A
5. What proportion of patients were men/women?	50	Responding to this question would take in excess of 18 hours	N/A
6. How old were they?	50	Responding to this question would take in excess of 18 hours	N/A
7. What were the diagnoses and in what proportions?	50	Responding to this question would take in excess of 18 hours	N/A
8. What proportion of patients were classified BAME?	50	Responding to this question would take in excess of 18 hours	N/A
9. How many were receiving MEDICATION ERRORS for the first time?	N/A	This information is not in recorded format and is not held. Therefore the Trust cannot provide a response for this question.	N/A
10. How many patients consented to MEDICATION ERRORS?	N/A	This question would require clarification as these incidents are a result of error.	N/A

11. How many MEDICATION ERRORS were investigated outside the NHS and CCG?	0.08	This question could be responded to as a standalone question or in conjunction with any other question that does not take the limit above 18 hours	N/A
12. How many patients died during or soon after MEDICATION ERRORS and what was the cause (whether or not MEDICATION ERRORS was considered the cause)?	102	Responding to this question would take in excess of 18 hours	N/A
13. How many patients died a few months after MEDICATION ERRORS and what was the cause (whether or not MEDICATION ERRORS was considered the cause)?	102	Responding to this question would take in excess of 18 hours	N/A
14. How many patients died by suicide within a few months of receiving MEDICATION ERRORS (whether or not MEDICATION ERRORS was considered the cause)?	102	Responding to this question would take in excess of 18 hours	N/A
15. How many patients have suffered complications during and after MEDICATION ERRORS and what were those complications?	102	Responding to this question would take in excess of 18 hours	N/A
16. Have there been any formal complaints from patients/relatives about MEDICATION ERRORS?	0.25	This question could be responded to as a standalone question or in conjunction with any other question that does not take the limit above 18 hours	N/A
17. If so, what was their concerns?	3	This question could be responded to as a standalone question or in conjunction with any other question that does not take the limit above 18 hours	N/A
18. How many patients report memory loss/loss of cognitive function?	3	This question could be responded to as a standalone question or in conjunction with any other question that does not take the limit above 18 hours	N/A
19. What tests are used to assess memory loss/loss of cognitive function?	N/A	This can be found on our website in a previous response to reference number FOI 3239: https://www.elft.nhs.uk/uploads/files/1/FOI/Appendix_1_DA3239.pdf	https://www.elft.nhs.uk/uploads/files/1/FOI/Appendix_1_DA3239.pdf
20. Have MRI or CT scans been used before and after MEDICATION ERRORS?	55	Responding to this question would take in excess of 18 hours	N/A
21. If so what was the conclusion?	55	Responding to this question would take in excess of 18 hours	N/A

22. How does the Trust plan to prevent MEDICATION ERRORS in the future?	N/A	Please see the Trust website here: https://www.eft.nhs.uk/News/ePrescribing-in-Bedfordshire-and-Luton	N/A
