**I am writing to make an open government request information to which I am entitled under the Freedom of Information Act 2000. I am part of a team conducting a NIHR funded research study (see details at the end of this letter) looking to map all of the LGBTQ+ specific mental health services for young people aged 12 – 25 years. We are interested in finding out information about any early intervention services, especially CAMHS and EIS that provide specialist LGBTQ+ mental health support.**
