Request:

What I would like to request is:

- **The average amount of time it takes from a staff member requesting any reasonable adjustments to the point these are put in place, for example any equipment they may require like a large screen monitor or grab rails. This information should span the last 5 years (from 2014-2019) if reasonably possible.**
- **The percentage of those who have additional needs/disabilities who have to take time off work waiting for reasonable adjustments to be put in place and whether this time is paid or unpaid. This information should span the last 5 years (from 2014-2019) if reasonably possible.**

Answer:

The Trust does not record this data and therefore this information is not held.
