RE: Info regarding the number of nurses eligible to care for Clozapine patients

I am currently looking to ascertain the number and percentage of nurses within each CCG in the UK who are trained and available to care for Clozapine patients.

This data doesn't appear to be accessible in any single, compiled forum, so I would therefore be very grateful if you could furnish me with that information in relation to your CCG area.

Answer:

The Trust does not have dedicated clozapine nurses. All registered mental health nurses are trained and available to care for clozapine patients.
