Request:

I am writing to request information under the Freedom of Information Act. As published by the Royal College of Physicians, your organisation was recruiting for a Chief Registrar post in 21/22. Please could you provide the names, job titles and specialities of all Chief Registrars at your organisation that have been appointed to the 21/22 programme. Please let me know if you have any questions. I look forward to hearing from you.

Answer: Section 1(1) of the FOI Act states:
Any person making a request for information to a public authority is entitled—
(a) to be informed in writing by the public authority whether it holds information of the description specified in the request, and
(b) if that is the case, to have that information communicated to him.

The Royal College of Physicians is running a programme for Chief Registrars for internal medicine. East London NHS Foundation Trust does not have any internal medicine doctors and therefore is not involved with this programme. The Trust does not hold the information requested and it is therefore not disclosable.
