Request: I'm currently conducting research to finalise a business plan which will enable us to assist the NHS/you with dramatically cutting down on agency spend and shift cancellations. Meaning not only would spend decrease but simultaneously patient care and safety would increase. To move into the next stages we require further information and direct feedback from Agency Staff Bank Managers to hear their thoughts and if they believe it's something that will help strengthen the NHS recruitment process. I have attached an excel document as a template guide for you to input your answers to the following questions:
