Request:

Question 1: How many patients who achieve reliable recovery during a course of IAPT treatment are contacted for a 6 month follow-up after treatment, and with what results?

Answer: The Trust has reviewed question 1 of your request for information under the Freedom of Information Act (FOI) 2000.

Section 1(1) of the Freedom of Information Act 2000 states:

Any person making a request for information to a public authority is entitled—
(a) to be informed in writing by the public authority whether it holds information of the description specified in the request, and
(b) if that is the case, to have that information communicated to them.

East London NHS Foundation Trust do not contact patients for follow up appointments after six months in IAPT services, but the service remains open to re-referrals. Therefore we are unable to provide this information.

We promise to work together creatively to: learn
'what matters' to everyone, achieve a better quality
of life and continuously improve our services.
We care . We respect . We are inclusive
