**Request:**

**Question 1: Could you kindly provide figures for the number of cases of appendicitis identified/treated under your Trusts by year from 2015 to date?**

**Please group the figures by age groups under 18, from 18 to 49, from 50 to 69 and from 70 and over. Please also include, in the same grouping, the number of deaths as a result of these cases.**

**Answer:** The Trust has reviewed question 1 of your request for information under the Freedom of Information Act (FOI) 2000.

Section 1(1) of the Freedom of Information Act 2000 states:

Any person making a request for information to a public authority is entitled—  
(a) to be informed in writing by the public authority whether it holds information of the description specified in the request, and  
(b) if that is the case, to have that information communicated to them.

East London NHS Foundation Trust is primarily a Mental Health and Community Health Trust and as such does not provide the services described in this request. We believe this is for Acute hospitals.

We promise to work together creatively to: learn 'what matters' to everyone, achieve a better quality of life and continuously improve our services.
