**Request:** Hello,

**Under the freedom of information (FOI) Act 2000, I would like to request the following information regarding your NHS Trusts/Boards:**

**Question 1. What are your current skin cancer patient clinical pathway guidelines e.g., from initial patient symptoms in a GP setting to specialist referral as well as treatment and follow-up procedures and protocol. Attached are two outdated CCG (Clinical Commissioning Group) pathway guidelines for reference.**

**Answer:** The Trust has reviewed question 1 of your request for information under the Freedom of Information Act (FOI) 2000.

Section 1(1) of the Freedom of Information Act 2000 states:

Any person making a request for information to a public authority is entitled—  
(a) to be informed in writing by the public authority whether it holds information of the description specified in the request, and  
(b) if that is the case, to have that information communicated to them.

East London NHS Foundation Trust is primarily a Mental Health and Community Health Trust and as such do not provide the services described in this request. We are therefore unable to provide a response.

**Question 2. Does your skin cancer pathway include remote patient-clinic interactions (as opposed to face-to-face interactions), Yes or No and if yes, elaborate what they are and what stage in the pathway they're used e.g., teledermatology (the use of digital photography to assess patient lesions) at the GP stage.**
