Request: I am emailing with a Freedom of Information request, regarding digital discharge summaries. My query is:

Question 1: Where a free text search is possible, how many digital discharge summaries included any of the terms “spiked”, “spike” or “spiking” over the past 5 calendar years, and the year to date. Please provide data for each year:

- a) 2018
- b) 2019
- c) 2020
- d) 2021
- e) 2022
- f) 2023 - latest available data - please specify period.

Answer: The Trust has reviewed question 1 of your request for information under the Freedom of Information Act (FOI) 2000.

Section 1(1) of the Freedom of Information Act 2000 states:

Any person making a request for information to a public authority is entitled—
(a) to be informed in writing by the public authority whether it holds information of the description specified in the request, and
(b) if that is the case, to have that information communicated to them.

In order for the Trust to provide information held within digital discharge summaries, it would have to access patient records. We do not have a legal basis to access patient records for the purposes of responding to a Freedom of Information Request therefore we are unable to provide a response.

We promise to work together creatively to: learn 'what matters' to everyone, achieve a better quality of life and continuously improve our services.
We care . We respect . We are inclusive
