19 June 2023

**Our reference: FOI DA4788**

I am responding to your request for information received 13 June 2023. This has been treated as a request under the Freedom of Information Act 2000.

When an organisation receives a request for information under the Freedom of Information Act, it is allowed under the Act to apply a blanket exemption to this where it has concluded that providing a response would take in excess of eighteen hours. When the cost of compliance and extracting information would exceed eighteen hours, a cost limit of £450 can be applied. This is explained in Section 12 of the Freedom of Information Act 2000 and is based on a rate of £25 per hour, regardless of the rate of pay of any individual involved in the retrieval of requested information, and equates to eighteen hours work.

Having reviewed your request, the Trust has noted that it would not be able to provide all the information requested within the eighteen hours specified in the Freedom of Information Act 2000. However, in this instance and in order to assist you, we have provided a partial response to your request as per below.

In order to assist you with your request, I have advised below the timing each question would take in order to assist you to refine your request. If you wish to refine your request to comply with the eighteen hour time limit, please do get in touch.

I am now enclosing a response which is attached to the end of this letter. Please do not hesitate to contact me on the contact details above if you have any further queries.

Yours sincerely,

Nimita Parmar  
Information Rights Coordinator

We promise to work together creatively to: learn  
'what matters' to everyone, achieve a better quality  
of life and continuously improve our services.  
**We care . We respect . We are inclusive**

**Request:** Under the Freedom of Information Act, I would like to request the following information regarding leaks and flooding in hospital buildings owned by the Trust:

**(Where possible, please present this information broken down by individual hospitals and hospital department.)**

**Question 1:** How many reports of water leaks have been logged at each of the hospitals managed by your trust in the last three financial years? (2020 - 2021, 2021 - 2022, 2022 - 2023)

**Answer:** Section 12(1) of the Freedom of Information Act 2000 states:

Section 12(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the appropriate limit

When the Trust identifies that the request is likely to take over 18 hours, we are not obliged to provide information for any part of the request. We are required to provide advice on how you may refine your request to information that can be collated within the 18 hour timeframe. You may then choose what information you would like to receive and confirm the same to us, upon which we will process your request.

The Trust has reviewed your request for information and in order to collate this information, staff would have to individually review calls from the seven helpdesks the Trust has. It is estimated that this would take six hours.

Therefore, the Trust is unable to comply with this particular part of your request as the cost of compliance and extracting your exact requirements would exceed the appropriate cost limit of £450 which is specified in Section 12 of the Freedom of Information Act 2000. This is based on a rate of £25 per hour, regardless of the rate of pay of any individual involved in the retrieval of requested information, and equates to 18 hours work.

**Question 2:** How many reports of flooding have been logged at each of the hospitals managed by your trust? (2020 - 2021, 2021 - 2022, 2022 - 2023)

**Answer:** Section 12(1) of the Freedom of Information Act 2000 states:

Section 12(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the appropriate limit

When the Trust identifies that the request is likely to take over 18 hours, we are not obliged to provide information for any part of the request. We are required to provide advice on how you may refine your request to information that can be collated within the 18 hour timeframe. You may then choose what information you would like to receive and confirm the same to us, upon which we will process your request.

The Trust has reviewed your request for information and in order to collate this information, staff would have to individually review calls from the seven helpdesks the Trust has. It is estimated that this would take six hours.

Therefore, the Trust is unable to comply with this particular part of your request as the cost of compliance and extracting your exact requirements would exceed the appropriate cost limit of £450 which is specified in Section 12 of the Freedom of Information Act 2000. This is based on a rate of £25 per hour, regardless of the

rate of pay of any individual involved in the retrieval of requested information, and equates to 18 hours work.

**Question 3: What is the longest delay in resolving a leak or a flood in the last three financial years? (2020 - 2021, 2021 - 2022, 2022 - 2023)**

Answer: Section 12(1) of the Freedom of Information Act 2000 states:

Section 12(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the appropriate limit

When the Trust identifies that the request is likely to take over 18 hours, we are not obliged to provide information for any part of the request. We are required to provide advice on how you may refine your request to information that can be collated within the 18 hour timeframe. You may then choose what information you would like to receive and confirm the same to us, upon which we will process your request.

The Trust has reviewed your request for information and in order to collate this information, staff would have to individually review calls from the seven helpdesks the Trust has. It is estimated that this would take six hours.

Therefore, the Trust is unable to comply with this particular part of your request as the cost of compliance and extracting your exact requirements would exceed the appropriate cost limit of £450 which is specified in Section 12 of the Freedom of Information Act 2000. This is based on a rate of £25 per hour, regardless of the rate of pay of any individual involved in the retrieval of requested information, and equates to 18 hours work.

**Question 4: In any of the cases of leaks or flooding, has there been an operational impact on the ability to carry out health services?**

Answer: The Trust has reviewed question 4 of your request for information under the Freedom of Information Act (FOI) 2000.

Section 1(1) of the Freedom of Information Act 2000 states:

*Any person making a request for information to a public authority is entitled—  
(a) to be informed in writing by the public authority whether it holds information of the description specified in the request, and  
(b) if that is the case, to have that information communicated to them.*

East London NHS Foundation Trust does not hold the information centrally and is therefore unable to provide a response.

**Question 5: If yes, what were these? (e.g. less patient capacity, closing wards or departments etc.)**

Answer: The Trust has reviewed question 5 of your request for information under the Freedom of Information Act (FOI) 2000.

Section 1(1) of the Freedom of Information Act 2000 states:

*Any person making a request for information to a public authority is entitled—  
(a) to be informed in writing by the public authority whether it holds information of the description specified in the request, and  
(b) if that is the case, to have that information communicated to them.*

East London NHS Foundation Trust does not hold the information centrally and is therefore unable to provide a response.

We promise to work together creatively to: learn  
'what matters' to everyone, achieve a better quality  
of life and continuously improve our services.
