Request: I request that you provide the following information in compliance with your duties under the Freedom of Information Act 2000.

The purpose of the request I seek the information detailed below in order to better understand the process by which disabled children and disabled young people living in your Board's area are able to obtain the Integrated Care Board funded continence pads and containment products that they need.

Requested Information

Please provide the details specified in (a) - (c) below concerning the provision of continence pads and containment products (including nappies and 'pull ups') for disabled children and disabled young people within your Board's area.

- a. The eligibility criteria that determine what type and what quantity of continence pads and containment products can be provided for disabled children and disabled young people.
- b. Please provide a copy (in printed or electronic form) of the guidance that your Board requires practitioners to have regard to when authorising the provision of continence pads and containment products for disabled children and disabled young people; and
- c. The work title (or post or qualifications or other designation) that identifies the practitioners who can authorise the provision of continence pads and containment products for disabled children and disabled young people.

Answer: The Trust has reviewed your request for information under the Freedom of Information Act (FOI) 2000.

Section 1(1) of the Freedom of Information Act 2000 states:

*Any person making a request for information to a public authority is entitled—
(a) to be informed in writing by the public authority whether it holds information of the description specified in the request, and
(b) if that is the case, to have that information communicated to them.*

East London NHS Foundation Trust is primarily a Mental Health and Community Health Trust and not an Integrated Care Board as described in this request. We are therefore unable to provide a response.

We promise to work together creatively to: learn 'what matters' to everyone, achieve a better quality of life and continuously improve our services.
We care . We respect . We are inclusive
