Request: Dear East London NHS Foundation Trust,

Could you please answer the following questions for me?

Question 1: Do you have a Radiology MES running in your trust, if yes what are the start and end dates?

Question 2: Do you have a capital replacement plan, if so, please share it?

Question 3: Please share your radiology at risk register.

Question 4: Which contrast injectors do you have installed in radiology?

Question 5: Please provide make, models, installation dates and any service provision that you have?

Question 6: Who provides your RIS & PACS?

Question 7: What AI do you have or are investigating for your practice?

Question 8: Please share the makes, model, installation dates and location if off site (eg CDC or community hospital) of your MRI scanner?

Question 9: Do you have any service plans running on your MRI scanners. Please detail scope, length and provider?

Question 10: Do you repair damaged coils. If you do, how much have you spent on repairing them in the past twelve months?

Question 11: How many contrast injectors do you have?

Question 12: What procedures do you perform, and which are your most common?

Answer: The Trust has reviewed your request for information under the Freedom of Information Act (FOI) 2000.

Section 1(1) of the Freedom of Information Act 2000 states:

*Any person making a request for information to a public authority is entitled—
(a) to be informed in writing by the public authority whether it holds information of the description specified in the request, and
(b) if that is the case, to have that information communicated to them.*

East London NHS Foundation Trust is primarily a Mental Health and Community Health Trust and as such does not provide radiology or MRI services as described in this request. We are therefore unable to provide a response.

We promise to work together creatively to: learn 'what matters' to everyone, achieve a better quality of life and continuously improve our services.
We care . We respect . We are inclusive
