Request: Please refer to the attached document (Reference Lists) to help quickly identify your answer to our FoI request. The document contains the name, date of response and reference number (if provided) of all authorities that have participated in this study.

This review request aims at giving all authorities equal opportunity to be duly represented in our study, by sending to each and every one the clarifications that only a few requested. Please read the attached PDF document (FOI REVIEW Q&A) and update your answers in view of the information provided. The document may seem excessively long, but for most organisations, it will simply confirm that you have given the adequate answers. Some of you will even recognise many of the clarifications. We ask that you please check the main section first, which answers queries about the questionnaire as a whole, and then the explanation of each question carefully.

Answer: The Trust has reviewed your document and notes that all the questions have been answered in our previous response.
