Request:

Question 1: Please provide the total number of patients in which their treatment was coded as 'Pregnancy with abortive outcome' using one of the following ranges: O030-O039 Spontaneous abortion, O040-O049 Medical abortion, or O070-O079 Failed attempted abortion – I have included a full set of the required ICD-10 codes at the bottom of this request.

For each individual code, as noted below, I would like the totals for each twelve-months period from 01 January 2017 to 31 December 2023. My preference is the totals in each calendar year, Jan-Dec, but understand if you are only able to provide this in your chosen financial years, e.g., April – March, in which case from 01 April 2016 to 31 March 2024.

ICD-10 codes to be included:

O030: spontaneous abortion - incomplete, complicated by genital tract and pelvic infection.

O031: spontaneous abortion - incomplete, complicated by delayed or excessive haemorrhage.

O032: spontaneous abortion - incomplete, complicated by embolism.

Answer: The Trust has reviewed your request for information under the Freedom of Information Act (FOI) 2000.

Section 1(1) of the Freedom of Information Act 2000 states:

Any person making a request for information to a public authority is entitled—
(a) to be informed in writing by the public authority whether it holds information of the description specified in the request, and

(b) if that is the case, to have that information communicated to them.

East London NHS Foundation Trust is primarily a Mental Health and Community Health Trust and as such does not provide pregnancy or abortion services. The Trust is therefore unable to provide a response.

We promise to work together creatively to: learn 'what matters' to everyone, achieve a better quality of life and continuously improve our services.
