Request:

I am writing under the Freedom of Information Act 2000 to request information relating to the diagnosis and treatment of hip fractures for patients presenting at your Accident & Emergency (A&E) department, broken down by year, for the past four calendar years (2021, 2022, 2023, 2024) up to and including 03 May 2025:

Question 1: The number of patients who presented at A&E with hip pain and were referred for:

- X-Ray
- MRI scan

Of those who underwent an X-ray only, how many had negative or inconclusive results but were later diagnosed with a femoral neck or other hip fracture?

Answer: The Trust has reviewed your request for information under the Freedom of Information Act (FOI) 2000.

Section 1(1) of the Freedom of Information Act 2000 states:

*Any person making a request for information to a public authority is entitled—
(a) to be informed in writing by the public authority whether it holds information of the description specified in the request, and
(b) if that is the case, to have that information communicated to them.*

East London NHS Foundation Trust is primarily a Mental Health and Community Health Trust and as such does not provide A&E services as described in this request. The Trust are therefore unable to provide a response.

We promise to work together creatively to: learn
'what matters' to everyone, achieve a better quality
of life and continuously improve our services.
We care . We respect . We are inclusive
