Request: I am writing to request information under the Freedom of Information Act 2000 regarding the use of off-framework nursing agencies by East London NHS Trust

Please could you provide the following information for the most recent 12-month period available:

Question 1: Has the Trust used any off-framework nursing agencies during this time?

Answer: The Trust has reviewed question 1 of your request for information under the Freedom of Information Act (FOI) 2000.

Section 1(1) of the Freedom of Information Act 2000 states:

*Any person making a request for information to a public authority is entitled—
(a) to be informed in writing by the public authority whether it holds information of the description specified in the request, and
(b) if that is the case, to have that information communicated to them.*

East London NHS Foundation Trust has recently transitioned to a new system and, as a result, does not currently maintain or have access to a centralised and consistently reliable record indicating whether individual bookings were made under a framework agreement. This is further complicated by the existence of multiple frameworks, each allowing for different booking arrangements. Agencies may have been on a framework at the time of booking but subsequently left, or may have joined a framework after the booking occurred. Given these factors, the Trust regrets that it is not in a position to confirm the framework status of specific historical bookings.

Question 2: If so, please provide the names of the off-framework agencies used.

Answer: The Trust has reviewed question 2 of your request for information under the Freedom of Information Act (FOI) 2000.

Section 1(1) of the Freedom of Information Act 2000 states:

Question 3: The total amount spent with each off-framework nursing agency.

Answer: The Trust has reviewed question 3 of your request for information under the Freedom of Information Act (FOI) 2000.

Section 1(1) of the Freedom of Information Act 2000 states:

*Any person making a request for information to a public authority is entitled—

Question 4: The departments or clinical areas where off-framework nursing agencies were deployed.

Answer: The Trust has reviewed question 4 of your request for information under the Freedom of Information Act (FOI) 2000.

Section 1(1) of the Freedom of Information Act 2000 states:

*Any person making a request for information to a public authority is entitled—
(a) to be informed in writing by the public authority whether it holds information of the description specified in the request, and*
