Request: **Reducing children's risk of entry into the youth justice system**
At King's College London, we are undertaking research with a range of agencies exploring opportunities for identification and management of underlying reasons for behavioral problems associated with children at risk of entering the youth justice system.

In particular, we are seeking to understand the extent of implementation of the National Institute for Health & Social Care (NICE) Clinical guideline [CG158] Antisocial behaviour and conduct disorders in children and young people: recognition and management.

If you offer children's mental health services, please forward to CAMHS director and respond to the file "CAMHS Director FOI".

If you offer Speech and Language Therapy for children, please forward to the Service Lead and respond to the file "SLT Lead FOI".

If you offer community paediatrics services, please forward to the Community Paediatrics Director and respond to the file "Community Paediatrics Director FOI".

Please ensure that each FOI request is completed according to the service to which it is addressed.
