Request:

The purpose of this request is to gather data on overnight A&E wait times within the trust. Specifically, I am seeking anonymised data on the following:

Question 1:

How many patients in A&E waited 24 hours or more from time of arrival until admission to hospital or discharge for each of the past five calendar years 2020, 2021, 2022, 2023, 2024 and partial data for 2025 if available

Answer:

The Trust has reviewed question 1 of your request for information under the Freedom of Information Act (FOI) 2000.

Section 1(1) of the Freedom of Information Act 2000 states:

Any person making a request for information to a public authority is entitled—
(a) to be informed in writing by the public authority whether it holds information of the description specified in the request, and

(b) if that is the case, to have that information communicated to them.

East London NHS Foundation Trust is primarily a Mental Health and Community Health Trust and as such does not provide A&E services. The Trust is therefore unable to provide a response.

Question 2:

How many patients in A&E waited for any length of time between the hours of 11pm-6am from time of arrival until admission to hospital or discharge for each of the past five calendar years 2020, 2021, 2022, 2023, 2024 and partial data for 2025 if available

Updated: How many patients in A&E waited for 3 hours or more between the hours of 11pm-6am from time of arrival until admission to hospital or discharge for each of the past five calendar years 2020, 2021, 2022, 2023, 2024 and partial data for 2025 if available
