**Request:**

**Question 1:** Has your organisation been notified of any data breach or security incident in the last 3 years involving systems built upon or integrated with Salesforce?

Answer: None reported.

**Question 2:** Has your organisation experienced, or been informed of, any incidents relating to procurement or contract management systems that operate using Salesforce, namely the Atamis e-Procurement suite of software?

**Please provide details of;**

- The date the incident occurred
- The nature of the compromised data (such as commercial, personal, financial)
- If the breach was reported to the Information Commissioner's Office
- Any remedial action taken by your organisation

Answer: None reported.

**Question 3:** Further to this, has your organisation undertaken any risk assessments in relation to the use of systems integrated with Salesforce. If so, please provide a summary of the findings.

Answer: The Trust has reviewed question 3 of your request for information under the Freedom of Information Act (FOI) 2000.

Section 1(1) of the Freedom of Information Act 2000 states:

*Any person making a request for information to a public authority is entitled—  
(a) to be informed in writing by the public authority whether it holds information of the description specified in the request, and  
(b) if that is the case, to have that information communicated to them.*

East London NHS Foundation Trust does not record the information as the relevant contracts are held centrally by NHS England. The Trust is therefore unable to provide a response.

We promise to work together creatively to: learn  
'what matters' to everyone, achieve a better quality  
of life and continuously improve our services.
