**Request:**

**Question 1: How many children (under 18s) have been given the contraceptive implant for each of the last five calendar years (2021, 2022, 2023, 2024 and 2025 so far)?**

**Answer:** The Trust has reviewed question 1 of your request for information under the Freedom of Information Act (FOI) 2000.

Section 1(1) of the Freedom of Information Act 2000 states:

*Any person making a request for information to a public authority is entitled—  
(a) to be informed in writing by the public authority whether it holds information of the description specified in the request, and  
(b) if that is the case, to have that information communicated to them.*

East London NHS Foundation Trust does not provide contraceptive implants for children under 18 years of age. The age range seen by the service is 18-57 years. The Trust is therefore unable to provide a response.

**Question 2: Please provide a breakdown by age of all children given the contraceptive implant for each of the last five calendar years (2021, 2022, 2023, 2024 and 2025 so far).**

**Answer:** The Trust has reviewed question 2 of your request for information under the Freedom of Information Act (FOI) 2000.

Section 1(1) of the Freedom of Information Act 2000 states:

**Question 3: Please consider all ages from the youngest person given the implant up to and including those given the implant aged 17. For the answer to this question, a table like this may help illustrate the information I am asking for:**

	Age 9	10	11	12	13	14	etc up to 17
2021							
2022							
2023							
2024							
2025 so far							

**Answer:** The Trust has reviewed question 3 of your request for information under the Freedom of Information Act (FOI) 2000.
