**Request:** The number of hospital admissions in the last five years, where the primary or secondary diagnosis was:

- Scabies, and
- Eczema (including atopic dermatitis and related eczema codes).

Please provide the data:

- Broken down by month, and
- By condition (i.e., whether the admission was for scabies or eczema).

For clarity, I am requesting aggregate data only, not any patient-identifiable information.

**Answer:** Please see tables below:
