Request: Please could you provide me with the number of admissions of autistic children at Evergreen unit between 1st October 2024 and 1st October 2025?

By "number of admissions," I refer to the total number of individual admissions — meaning that if the same child was admitted more than once during this period, each admission should be counted separately.

By "admissions of autistic children," I refer specifically to those admitted solely because of their autism, and not due to any other mental health condition.

Answer: A total of 13 inpatient admissions to the Trust's Evergreen Ward between 1st October 2024 and 1st October 2025 were children under 18 with a diagnosis of autism.
