Our approach

The Bedfordshire and Luton Recovery College is open to everyone aged eighteen and over, living, working or studying in Bedfordshire or Luton.

Rethink

Relearn

Recharge

Our Recovery College is inclusive to all; service users, carers, family, friends, neighbours, staff and the general public. All are welcome to enrol as students. The educational workshops and courses we offer are all free and focus on recovery and wellbeing. They are designed, co-produced and delivered in partnership with people with lived experience and professional experience as co-production is at the heart of everything we do.

Recovery has many definitions and one which resonates with many people is that it is about a deeply personal journey to live as well as possible and have a meaningful and satisfying life.

The tools we share in workshops and courses aim to support people to become an expert in their own recovery and understanding by exploring hope, choice and opportunity. By learning together we can make progress in challenging the stigma surrounding mental illness, and over time we hope to contribute to changing society to be more tolerant, inclusive, accepting and compassionate.
