Request:

Question 1: In the last year (March 2025 – February 2026), how many patients have come forward to be tested for prostate cancer through a Digital Rectal Exam (DRE)?

Question 2: Where data within the specified period is not available, please provide the last 12 months of available data

Question 3: If possible, please provide the age of patients coming forward

Answer: The Trust has reviewed question 1, 2 & 3 of your request for information under the Freedom of Information Act (FOI) 2000.

Section 1(1) of the Freedom of Information Act 2000 states:

Any person making a request for information to a public authority is entitled—

(a) *to be informed in writing by the public authority whether it holds information of the description specified in the request, and*

(b) *if that is the case, to have that information communicated to them.*

East London NHS Foundation Trust is primarily a Mental Health and Community Health Trust and as such does not provide prostate cancer testing services. The Trust is therefore unable to provide a response.

We promise to work together creatively to: learn
'what matters' to everyone, achieve a better quality
of life and continuously improve our services.
We care . We respect . We are inclusive
