Request: I am writing to request information under the Freedom of Information Act 2000 regarding your Trust's radiology and billing IT systems. To assist with your response I have set out a short set of questions and response tables below, and attached the same tables as an Excel workbook, should that be easier to complete.

Question 1: Please provide details of your current Radiology Information System (RIS) and Picture Archiving and Communication System (PACS).

System	Current supplier & product	Contract expiry (mm/yyyy)	Current contract value (£, if held)
RIS			
PACS			

Answer: The Trust has reviewed question 1 of your request for information under the Freedom of Information Act (FOI) 2000.

Section 1(1) of the Freedom of Information Act 2000 states:

*Any person making a request for information to a public authority is entitled—
(a) to be informed in writing by the public authority whether it holds information of the description specified in the request, and
(b) if that is the case, to have that information communicated to them.*

East London NHS Foundation Trust is primarily a Mental Health and Community Health Trust and as such does not provide radiology services. The Trust is therefore unable to provide a response.

Question 2: Please list any AI or clinical decision-support tools currently in live use within radiology, with the clinical application (if applicable) and supplier for each.

AI / decision-support tool	Clinical application – if applicable (e.g. stroke / CT head)	Supplier	In use since (year)
[Tool 1]			
[Tool 2]			

Answer: The Trust has reviewed question 2 of your request for information under the Freedom of Information Act (FOI) 2000.

Section 1(1) of the Freedom of Information Act 2000 states:

*Any person making a request for information to a public authority is entitled—
(a) to be informed in writing by the public authority whether it holds information of the description specified in the request, and
(b) if that is the case, to have that information communicated to them.*

East London NHS Foundation Trust is primarily a Mental Health and Community Health Trust and as such does not provide radiology services. The Trust is therefore unable to provide a response.

Question 3: Please list any AI-based tools used by your trust for each of the following parts of the radiology workflow.

Radiology workflow segment	Definition	AI tool used	Supplier	In use since (year)
----------------------------	------------	--------------	----------	---------------------

		[Tool 2]		
Ambient Voice Transcription (AVT)	Voice-to-text dictation used to produce reports	[Tool 1]		
		[Tool 2]		
Back-office and operational	Data analytics and intelligence, clinical coding and revenue, workforce management and rostering, and patient communication	[Tool 1]		
		[Tool 2]		
		[Tool 3]		

Answer: The Trust has reviewed question 3 of your request for information under the Freedom of Information Act (FOI) 2000.

Section 1(1) of the Freedom of Information Act 2000 states:

*Any person making a request for information to a public authority is entitled—
(a) to be informed in writing by the public authority whether it holds information of the description specified in the request, and
(b) if that is the case, to have that information communicated to them.*

East London NHS Foundation Trust is primarily a Mental Health and Community Health Trust and as such does not provide radiology services. The Trust is therefore unable to provide a response.

Question 4: Please indicate your Trust's adoption of the following data and interoperability standards, stating for each whether it is in production, actively implemented, planned, or not adopted, since when, and the platform or vendor used where applicable.

Standard	Adoption status (in production / actively implementing / planned / not adopted / other)	Since (year)	Platform / vendor (if any)
openEHR (open clinical data platform)	Not adopted	n/a	n/a
HL7 FHIR (incl. FHIR UK Core)	Not adopted	n/a	n/a
