Request:

Question 1: How many staff in East London NHS Foundation Trust (ELFT) took Partial Retirement from 1st October 2023 to the 31st December 2024?

Answer: 27

Question 2: How many staff that were partially retired from 1st October 2023 to 31st December 2024 were made redundant?

Answer: The Trust has reviewed question 2 of your request for information under the Freedom of Information Act (FOI) 2000.

Section 1(1) of the Freedom of Information Act 2000 states:

*Any person making a request for information to a public authority is entitled—
(a) to be informed in writing by the public authority whether it holds information of the description specified in the request, and
(b) if that is the case, to have that information communicated to them.*

In this case, the Trust confirms that it does hold information on the number of staff that were partially retired from 1st October 2023 to 31st December 2024 (as stated in Question 1). Furthermore, it does hold information on the number of staff that were partially retired who were made redundant. It is unclear from your request whether you are seeking information on the number of staff that were partially retired from 1st October 2023 to 31st December 2024 and were made redundant during that period, or whether you are seeking information on the number of staff that were partially retired from 1st October 2023 to 31st December 2024 and were made redundant at a subsequent date.

Should you wish to be provided with this data, please submit a new request clearly stating the date range for redundancies that you are interested in.

'what matters' to everyone, achieve a better quality
of life and continuously improve our services.
