CT1-3 in Forensic Psychiatry
Clinical Supervisor: Dr Marc Jeanneret
Locality: Forensic
Main Base: John Howard Centre
Team / Service: Broadgate Ward

Address / Contact details:
John Howard Centre,
12 Kenworthy Rd,
London. E9 5TD.

Last updated: 03/09/2021

Introduction & Summary

This job description is for a core training post in forensic psychiatry, working at the John Howard Centre.

The post holder will spend six months year in this post, under the Clinical Supervision of Dr Jeanneret.

The post-holder will gain experience in

- Assessment of referrals to medium security, under supervision
- Admission assessments and summaries
- Day-to-day management of in-patients, including regular mental state examinations, reviews of prescribed medication, initiation of investigations
- Maintenance of comprehensive records
- Attendance at ward rounds and CPA Review Meetings
- Writing reports for CPA Review Meetings, Managers' Hearings, Mental Health Review Tribunals, the Ministry of Justice and the Parole Board
- Contribution to risk assessments
- Participation in the delivery of the therapy programme
- Liaison with the GP service and joint management of physical health problems

The postholder will participate the in-house multidisciplinary training programme at the John Howard Centre for all staff, including a weekly Journal Club, twice-monthly clinical case presentations, a monthly academic presentation, a Balint group and training for the CASC element of MRCPsych.

Undergraduates and postgraduates of different disciplines are often attached to the team, offering opportunities for formal and informal teaching.

CT 1-3s are encouraged to learn about forensic psychiatry in its wider context- there will be the opportunity to visit prison, attend court and visit a high secure hospital, such as Broadmoor Hospital.

Brief description / profile of Clinical Supervisor

Please contact m.jeanneret@nhs.net

The team (including staffing) / service description

The team members come from multiple disciplines with individual expertise. The team consists of a clinical psychologist, OT, social worker and a ST 4-6 doctor.

Role of the Core Trainee (1-3) / Main Duties and Responsibilities

1. The Core Trainee will provide medical care to approximately 17 male medium secure inpatients on Broadgate ward, under Dr Jeanneret's team.
2. Depending on experience and skills, the CT will assist Dr Jeanneret in providing a forensic psychiatric service based on Broadgate ward, for instance through assessment of referrals under Consultant Supervision.
